FARMERS' COTTON OIL AND FERTILIZER CO.

ANOTHER NAMMOTH ENTERPRISE
LAUNCHED LAST NIGHT.

\$50,000.00 CAPITAL STOCK.

List of Officers and Directors—Purpose to Establish a New Oil Mill and Fertilizer Factory.

At a meeting held in this city at 9 o'clock last night the Farmers' Cotton Oil and Fertilizer Company, was organized with an authorized capital stock of \$50,000.00. The purpose of the company is to establish at some suitable location in Bryan an up-to-date and completely equipped 75-ton oil mill and a fertilizer factory and have same in operation by the opening of the next cotton season. The Eagle learns that three-fourths of the stock has been subscribed and H. O. Boatwright, J. Webb Howell and W. S. Wilson Jr. were appointed a committee to place the remainder of the stock.

The election of the board of directors resulted in the selection of the following: E. J. Fountain, J. Webb Howell, H. O. Boatwright, W. C. Boyett, W. S. Wilson Jr. Officers were elected as follows: H. O. Boatwright, president; E. J. Fountain, vice-president; W. C. Boyett, vice-president; J. Webb Howell, treasurer; W. S. Wilson, Jr., secretary.

Committees to secure a charter and attend to other details of launching the big manufacturing enterprise were also appointed and will proceed as rapidly as possible with these matters.

The Eagle learns the stock will all be in the hands of Bryan and Brazos county people. The gentlemen named as officers and directors are all well known and successful business men and capable of building and conducting the enterprise along the lines projected. It goes without saying that another oil mill will add to the prominence and importance of Bryan as a cotton, cotton seed and by-products market, add to the weekly pay roll for labor, etc., and produce the benefits that accrue from manufacturing enterprises.

The Eagle is indebted to Secretary Wilson for the details of the important meeting, and bespeaks for the new industrial enterprise, which is another of the multiplying evidences of Bryan's prosperity, a full measure of success.

STEAMER GOES DOWN

Struck by a Schooner, but Latter Reaches Shore.

MANY LIVES ARE LOST

Northwest Gale Raged and Temperature at Zero, and Some of the Unfortunates Met Death by Freezing.

Block Island, R. I., Feb. 12.—The steamer Larchmont of the Joy line. The Larchmont came in collision with the schooner Harry Knowlton, sunk off this place this morning. The schooner's bow was cut away and her captain ran her ashore west of Quonochontaug to prevent her sinking. Her crew of seven men, including Captain Haley, reached the shore safely in their own boats. The cause of the collision is not known. It was intensely cold through Monday night. When the first boats came ashore from the steamer it was found some of their occupants were dead. In the first confusion it was not known whether they had been pulled from the water after having been drowned or whether they had frozen to death. Captain Charles Mitchell of the North End life saving station, off which point the Larchmont sunk, estimated at 10:30 o'clock Tuesday that between fifteen and twenty bodies had already come ashore from the steamer. Up to that time several boats had landed and others were making slow progress from the wreck toward the shore.

Captain McVey said to the Associated Press that he had on board from 150 to 200 passengers when the collision occurred and only eight of these escaped with their lives. At the time he made the statement fourteen bodies had been washed ashore, making only twenty-two out of the total passenger list accounted for. The passengers met their deaths in various ways. Some of them in attempting to launch lifeboats were frozen to death on the decks of the foundering steamer. Others were drowned in an attempt to escape before the vessel went down and still others who were successful in launching lifeboats were frozen to death before the small craft reached the shore.

The steamer left Providence late Monday evening and at the time of the collision Captain McVey had not had an opportunity to examine the passenger list, which had been handed to him just before the steamer left Providence. The captain's estimate of the number of those on board nearly agreed, however, with the estimate made by Joy line officials at Providence, who said that the Larchmont carried about 150 passengers and a crew of thirty.

Inhabitants of all parts of the island turned out to assist in the rescue work.

A northwest gale continued with zero temperature all throughout the forenoon. At 11:30 o'clock four more bodies were washed ashore, making eighteen bodies recovered, with eight survivors of the accident being cared for on the island.

Captain McVey said the Larchmont sank within ten minutes after the collision. After cruising about in a small boat for several hours he landed. Close behind him came another boat bringing fifteen dead and eight dying passengers.

NO MEETING HELD.

A movement took form yesterday to endeavor to secure for Bryan the proposed new court of civil appeals which it is anticipated the present legislature will establish. Members of the bar held a meeting a day or two ago in connection with the matter, and a meeting of the business league, at which members of the bar were expected, was called for last night. Only a few persons gathered in response to the call, and the lights being out, no meeting was held.

SALARIES SET.

Provision Creating an Eight-Hour Day
Was Also Adopted.

Guthrie, Feb. 12.—The constitutional convention adopted a plank setting the salary of the justice of the supreme court of Oklahoma at \$4,000 and that of the district judges at \$3,000. The submission of the report of the committee which had this subject in charge caused a general debate.

Another provision creating an eight-hour day for men actually engaged in Oklahoma mines was accepted. The specification, "under persons who have intermarried with members of the Cherokee nation of Indians sixty days in which to dispose of improvements they have placed on lands in the Cherokee nation which have been heretofore occupied. The sale of such improvements is to be made only to members of the Cherokee nation at an appraised price, to be fixed by officials to be designated by the secretary of the interior.

LITTLE IN TEXAS.

President of Senate Moore to Act as
Governor During His Absence.

Little Rock, Feb. 12.—Governor John S. Little, accompanied by his wife and two physicians, left his home at Greenwood for the gulf coast of Texas in an endeavor to recuperate sufficiently to take charge of his office here before the present legislative session has terminated. The governor suffered a physical collapse three weeks ago, and has since been unable to leave his home. President John Ike Moore of the Second assumes the duties of governor. Candidates are in the field for president of the senate to succeed Moore, but there is an effort being made to have the upper legislative body presided over from day to day by individual members without electing a new president.

JEWISH COLONISTS.

Movement to This End Has Been Inaugurated at Ardmore.

It is planned to bring many from the congested districts and locate them on Indian lands. The movement will be encouraged locally.

A negro named Weatherpoon fell out of a chair at Natchez, Miss., while viewing the body of George Killebrew, just killed, and broke her neck.

The house sent the Indian appropriation bill to conference, the manager being Messrs. Sherman of New York, Lacey of Iowa and Stephens of Texas.

WEATHER A DELIGHT

Naval Procession Up the River,
Gorgeous Parade Through Main
Streets and French Opera
House Ball Features.

New Orleans, Feb. 12.—With blue skies and the warm weather of a May day the glittering Mardi Gras carnival pageants were witnessed by fully 200,000 persons Monday. Following the traditional custom, Rex, king of the carnival, arrived via the Mississippi river in the afternoon, and the night was given up to Proteus and his Mystery Krew. With twenty gaudy floats, representing the Arabian Night Tales, the masked band of Proteus paraded the street. The story illustrated was that of the realm of the Queen of Serpents, the scenes including the giant, the strange fruits, the island of apes and the castle of jewels.

Following the street parade the Krewe held its annual masked ball at the French Opera House, after which came the general ball, participated in by both the maskers and other society leaders.

CELEBRATION AT NATCHEZ.

Feature of Monday Was the Parade of
the Fire Fighters.

Natchez, Miss., Feb. 12.—Weather of the made-to-order variety favored the initial parade of the tenth annual celebration of Mardi Gras by the Natchez Mardi Gras association. This parade was given by the volunteer fire department, the several companies having decorated their apparatus in gorgeous fashions, though they were arranged in such manner as to permit their removal at a moment's notice, if necessary.

One of the engines represented the "old woman who lived in a shoe," a huge shoe of white roses with a number of children carrying out the idea of the float.

An engine and hose wagon represented Easter and the proverbial egg hunt, a lot of white rabbits, wooden eggs and children exemplifying the Easter celebration. The hose wagon was filled with bags of candy for the orphans of the three local asylums.

The city is crowded with visitors from Louisiana and this state.

Twenty-five hundred visitors inspected the United States cruiser Des Moines Monday.

Governor Vardaman is a visitor.

Little Rock, Feb. 12.—In the perry county circuit court the case against Senator A. C. Gross was called. Gross, who is a holdover in the senate, is charged with accepting a bribe at the last session of the legislature. Gross did not appear, but sent a certificate from a physician that he was ill. The district attorney, however, declined to accept the excuse, and forfeiture of Gross' bond was taken and a bench warrant for the senator's arrest was issued.

More trouble was experienced with the well at the water works plant yesterday. After it was thought to be "cleaned out" the pump was put to work, but no water was obtainable. The pump appeared to be working in the mud. As a result the pump was hauled out and another effort is being made to save the well. As yet the end of the water shortage is not in sight.

OPENED BY EDWARD.

Speech From Throne Foreshadowed Many Irish Matters.

London, Feb. 12.—The second session of the second parliament of the present reign, which promises to be full of interest and importance as in consequence of the projected liberal attack on the house of lords and introduction of an installment of home rule for Ireland, was opened by King Edward Tuesday afternoon with all imposing ceremonies which has attended the functions since his accession.

The speech from the throne foreshadowed a full and busy session devoted to Ireland, army reform and temperance, apart from the overshadowing question of the house of lords.

After the usual references to the good relations prevailing between Great Britain and other powers, the speech deplored the loss of life and destruction of property resulting from the earthquake at Kingston. "I have seen with satisfaction," said the king, "that the emergency has been met by the governor and his officers with courage and devotion and by the people with self-control. The occasion has called forth many proofs of practical good will from all parts of my country and I recognize with sincere gratitude the sympathy shown by the people of the United States and assistance promptly offered by their authorities."

NOTICE, ELKS.

There will be a regular meeting of the Lodge tonight at 8 o'clock sharp. Candidates to be initiated and a good attendance is desired. F. C. Oliver, Exalted Ruler.

C. E. Boggan, who has been here for some time with the I. & G. N., leaves today for Mart to take a position with the company there. Mrs. Boggan will join him later. Many friends will regret the departure of Mr. and Mrs. Boggan from Bryan.

Buy a Singer Sewing Machine and get one that will do good work for a life time. The cost on repairs for inferior machines will speedily show the cheaper machine the most expensive of the two, regardless of the great difference in service and satisfaction in favor of the Singer. T. A. Satterwhite, Agent, Bryan, Tex. 56t

Dr. W. Whittle, pastor of the Methodist church at Fayetteville, Ark., was here yesterday inspecting the new Methodist church, soon to be completed. Dr. Whittle and his congregation have a new church building enterprise on hand and he is gathering information for their use. He was much pleased with the Bryan church, and will probably accept plans of Mr. Flinders of Dallas, architect of the Bryan church.

Miss Nannie May Williams was brought here from Millican yesterday, accompanied by her mother, Mrs. Emma Williams, and brother, Knox Williams, and will receive medical attention from Dr. Oliver. Miss Williams, who is at the home of her brother and sister-in-law, Mr. and Mrs. S. C. Williams, has been in failing health for a long time, and will probably be taken by members of her family and physician to Galveston.

Dr. Geo. B. Butler was out yesterday after a few days' illness and announces the Bible Study at the prayer meeting service of the Baptist church tonight. The scripture lesson will include the nineteenth to the fortieth chapters of Exodus with comments by the pastor. All are invited.

County Road Superintendent McMinn is at Bowman Creek near Kurten with the road force and Commissioner Elliott reports he is doing good work with the force on hand—five men. Commissioner Elliott has also inspected the long bridge on the Navasota river and reports same in very fair condition.

A regular meeting of Ivanhoe Commandery Knights Templar was held yesterday afternoon and officers installed for the ensuing year. R. W. Howell is the new Eminent Commander, as reported in the Eagle recently following the election. A. C. Bondurant and Ben C. Love of Franklin were duly elected, to receive the Knight Templar degrees by initiation, at the meeting held yesterday afternoon. R. P. Siddall of Anderson, H. N. Bessell, E. H. and A. P. Terrell of Navasota were here to attend the meeting.

PACKERS CONVENE.

About One Thousand Delegates Attend
Convention at Buffalo.

Buffalo, Feb. 12.—The national con-
vention of Fruit and Vegetable Pack-
ers and allied associations met here
Tuesday. Mayor Adams delivered the
address of welcome. About 1,000 de-
legates have arrived and nearly as
many more are expected.

Painters and Decorators.

Boston, Feb. 12.—The twenty-third
annual convention of the International
Association of Master House Painters
and Decorators of the United States
and Canada opened here with about
100 delegates present.

son, aged eighty-seven years, one of

"IT'S A LIE!"

So Says Senator Bailey in Reference
to Statement of Cocke.

Austin, Feb. 12.—At the opening
session Tuesday of the Bailey inves-
tigating committee Mr. Cocke asked
for a subpoena duces tecum to com-
pel Senator Bailey to produce the let-
ter to him from Captain L. S. Fla-
teau. Senator Hanger said the letter
had been misplaced and an effort was
being made to find it. Senator Bailey
stated that he left a number of let-
ters and papers in the house of the
representatives at the time of making
speech and he may have left them
there among them.

Cocke wanted Steger matter looked
further into and witnesses summoned
from Bonham.

Mr. Cocke also suggested that the
subcommittee stop at Gainesville to
examine telegraph records for alleged
messages from Bailey to D. R. Francis,
J. D. Johnson, George Clark, O. C.
Stribling, H. C. Pierce and A. M. Fin-
ley during 1900 and 1901.

Committeemen Wolfe objected to
bringing additional men from Bonham
to testify about the Steger matter,
claiming that honorable men had come
to Austin and had cleared up that
matter by their testimony.

Cocke also wanted J. D. Suggs of
Irion county, but who is now at San
Angelo sick, and said he expected to
prove by him that Bailey borrowed
\$7,000 from him. "That's a lie," said
Senator Bailey, rising. "It's a down-
right inimy to say that I borrowed
\$7,000 from Colonel Suggs or J. D.
Suggs. It's a lie, I don't care who
says it." This caused considerable
commotion in the committee room but
there was no indication of fight. On
motion of Mr. Jenkins the Suggs mat-
ter was stricken from the records.

O'Neal kicked on the time taken up
in the committee and said if it was to
be kept up he would have to resign
his chairmanship of the appropriations
committee.

Mr. Robertson moved that J. D.
Johnson be wired to see if Waters
Pierce books and witnesses could be
brought here Thursday and if Mr.
Pierce could be seen at some other
time.

Jenkins insisted that the shortest
way to get through with the investiga-
tion is to have the committee go to
St. Louis and examine the books.

The committee adjourned subject to
call after Mr. Bailey had made a
of delay and if such proceedings were
speech in which he stated he was tired
continued he would take his hat and
leave.

Senator Bailey said only four wit-
nesses had been examined since Mon-
day last. He said his wife was ill at
Washington. Said further three sena-
tors had telegraphed him to go to
the national capital. He said every
vote was needed to prevent ratifica-
tion of the San Domingo treaty.

VISITED BY BLAZE.

Considerable Property at Waxahachie
Goes Up In Smoke.

Waxahachie, Tex., Feb. 12.—Fire en-
tailing loss to property of fully \$60,000
visited Waxahachie Tuesday morning
at 3 o'clock. The building owned by
A. Lasswell, occupied as a mattress
factory, the large brick warehouse
owned by Ralph Getzendaner and the
residence of R. P. Clark were com-
pletely destroyed. The three buildings
were valued at \$11,000 each, covered
by insurance. The machinery and
stock of the mattress factory, valued
at \$5,000, were insured for \$1,000. The
Getzendaner building was occupied by
B. F. Thornhill as a warehouse. Tho-
rnhill's individual loss is \$2,000; no
insurance. It is estimated there
were \$30,000 worth of household goods,
furniture and groceries stored in the
building, all of which is a total loss.
Spalding & McCartney sustained a
loss of \$5,000 on furniture, with \$4,000
insurance. Fort Worth and Dallas
wholesale grocery houses had goods
stored in the building. W. T. Mont-
gomery, a railroad contractor, lost a
camping outfit, harness, grading tools
wires and cables. Both telephone
companies were slightly damaged.
The woodyard of J. B. McCall was also
destroyed. Loss on wood and ma-
chinery is \$1,200; no insurance.

DUE TO FAMINE.

Mexican Government Has Lowered the
Duty on Imported Wheat.

El Paso, Feb. 12.—On account of the
almost famine conditions prevailing in
many states of Mexico, the govern-
ment has lowered the duty on wheat
imported from the United States, ac-
cording to advices received here. The
new duty is only twenty cents per
bushel and becomes effective Friday.
It runs to June 30, when the Mexican
crop will have been harvested.

FATALLY SCALDED.

Little Girl Falls Into Pot of Boiling
Water and Expires.

Waco, Feb. 12.—Mildred, the four-
year-old child of Harry Wheelers,
is dead as the result of falling into a
pot of boiling water.

Another child, Mattie Smith, was
also dangerously burned near the city
in the same manner.

CHILD CREMATED.

Horrible Fate That Overtook a Little
Girl While Barn Burned.

El Paso, Feb. 12.—A special to the
Herald from Abilene says the four-
year-old daughter of James Baird, near
Potosi, was burned to death in a fire
which destroyed a big barn and its
contents. The son, seven years old,
was rescued by his mother. The father
was away from home at the time.

TABORS DIVORCED.

Austin, Feb. 12.—Dr. George R. Ta-
bor, former state health officer, Tues-
day obtained a divorce from his wife,
Mrs. Cornelia Ann Tabor. The suit
was filed Tuesday. The petition al-
leges incompatibility of temperament
as grounds.

THAW EYES JEROME.

For Some Moments Defendant Paid
No Attention to Other Counsel.

New York, Feb. 12.—The fact that
Tuesday was Lincoln's birthday and
consequently a legal holiday in this
state had no effect on the Thaw trial,
which went ahead at the usual hour.
Justice Fitzgerald said that owing to
the hardship on the jury, which is to
remain locked up until the end of the
trial, there would be no recess over
the holiday. When Thaw was walk-
ing to his place at the counsel table
and as he was removing his ulster
coat and for some moments after tak-
ing his seat he kept his eyes on Dis-
trict Attorney Jerome, ignoring his
own counsel for the time being. Mr.
Jerome was busy with papers and did
not notice Thaw's somewhat unusual
action.

The first witness called by Mr. Del-
maa was Dr. Britton D. Evans, super-
intendent of the state insane hospital
at Morris Plains, N. J. Dr. Evans is a
short, thick set, smooth faced man,
with florid complexion. He spoke
slowly and distinctly. He said he was
born in 1858 and graduated from the
Baltimore College of Physicians and
Surgeons in 1885 and afterwards did
post-graduate work at Johns Hopkins
university. He was for many years
assistant superintendent of the Mary-
land hospital for the insane and after-
wards superintendent of the state hos-
pital for the feeble minded. In 1892
he became superintendent of the hos-
pital at Morris Plains, N. J., where,
he said, there is an average of 1,800
patients. Dr. Evans said he had writ-
ten and spoken a great deal on the
subject of insanity and that he ap-
peared in important cases in New Jer-
sey where mental derangement or in-
capacity had to do with the matter
under investigation. In several cases,
witness declared, he represented both
the prosecution and defense by con-
sent of counsel and under appoint-
ment by the court. Witness knew
Harry Thaw. First saw him Aug. 4,
1906, in the toms and in all visited
him eight times. Dr. Evans says he
was alone on visits Aug. 4 and Oct. 1;
all other times he was accompanied by
Dr. Charles G. Wagner, who testified
Monday.

Dr. Evans said he noticed on his visit
to the toms that Thaw suffered from
form of insanity characterized by an
exaggerated ego, including adolescent
insanity. The latter is due to heredi-
tary. Dr. Evans said Thaw also exhib-
ited symptoms of having recently un-
dergone explosive or fulminating
conditions of mental unsoundness.

ATTACKS ON RELIGION.

When This Is Done Beveridge Says All
Gospel Believers Should Protest.

Washington, Feb. 12.—In discussing
the controversy between the French
government and the pope, Senator
Beveridge of Indiana in a speech at
Carroll Institute in part said:

"With a purely governmental con-
troversy between any nation and its
citizens or subjects we Americans as
a nation have nothing to do. On such
questions we Americans as individuals
may have our personal opinion, but
not official opinion; but when any
government on earth grounds its pol-
icy in an attack on religion itself then
it is time for all men who believe in
the gospel to speak out in protest.
For such an attack is the beginning of
a movement against all religion and its
end is to dethrone the Savior of the
world as the sovereign, spiritual and
moral, of the empire of mankind.

"It affects all churches equally. I
wonder if the men who talk so boldly
of exterminating our faith understood
what would happen were that faith
dethroned? How long do you suppose
a republic would last if all its
churches were turned into factories
and all preachers and priests, minis-
ters of the same gospel, ceased for-
ever their holy vocation? How long
would society itself endure? Men re-
bel against the intolerance of dogma.
Men should at least rebel against the
intolerance of politics. Men resisted
the intolerance of the church and both
Protestants and Catholics should no
less resist the intolerance of the state
whether republican or monarchical."

DIFFERENT NATIONS.

Mardi Gras Celebration Tuesday Un-
der the Bluest of Skies.

New Orleans, Feb. 12.—Mardi Gras
was celebrated by New Orleans Tues-
day in typical continental fashion.
Under the bluest of skies and with the
weather almost hot the streets soon
after sunrise became picturesque with
thousands of gaudily masked children.
The number of maskers grew steadily.
Hundreds of comical costumes and
antics being furnished by New Or-
leans' negro population. Early in the
forenoon business houses and stores
of all descriptions were closed and a
general holiday began. About noon
Rex, king of the carnival, paraded the
streets, being followed by twenty-two
huge cars representing as many differ-
ent nations.

LARGE SHORTAGE ALLEGED.

Said to Be So For One Hundred and
Fifty Thousand Dollars.

New Britain, Conn., Feb. 12.—A high
officer of the Savings Bank of New
Britain alleges that there is a big
shortage in the accounts of William
F. Walker, the missing treasurer of
the bank, and that the bank's own
officers up to noon Tuesday had dis-
covered a shortage of \$150,000. The
examination of the bank's affairs will
be continued.

FRIGHTFUL FIRE.

Occurs In Coal Mine and Forty Bodies
Soon Taken Out.

Bakmut, Russia, Feb. 12.—Coal
mine here caught fire Tuesday while
the miners were at work. In a short
time after the commencement of the
fire forty bodies were taken out.

Death of Railroad President.

ter of the Seaboard Air line died here
